

## COVID-19 protection measures

### during 3<sup>rd</sup> Digital Rheumatology Day on May 6, 2021

This document defines the health safety measures implemented during the meeting.

#### General Organization:

- The number of participants is limited according to the regulations by May 6, 2021.
- A list with their names and telephone numbers will be implemented to ensure traceability.
- Protection masks are available at the entrance.
- The meeting room guarantees to keep the respected distance of 1.5m.
- Disinfection stations are arranged throughout the meeting area and continuous cleaning and disinfection of all operating surfaces is provided.
- The cleaning and disinfection of all audio-visual equipment will be ensured.
- Ground markings manage the flows at the entrance and exit of the meeting room.
- On site, a paper and a digital display are set up and reminds the health safety rules.
- A ward robe or coat racks will not be provided.
- Displays remind participants in the health safety rules.
- During lunch max. 4 people are allowed to sit at one table.
- If a participant is tested positive after the conference, the contact details of all those present at the same time will be forwarded to the authorities.

#### Obligatory protection measures for participants during the meeting

- Wear a mask during the whole meeting.
- Keep distance of 1.5m at any time.
- Enter the toilette room one by one.
- Respect the entry and exit door to and from the meeting room.
- Drinks and food can only be consumed when you are seated at a table.
- Only one person can enter the toilette rooms at the same time.
- Respect ground markings at the floor.
- Keep your assigned seat during the entire event.
- Take your belongings with you to your assigned seat.

Hereby I confirm that I have read and understood the security measures. Furthermore, I promise not to join the meeting in case I have any Covid-19 symptoms or if I have travelled to an area with an increased risk of infection according to this list: <https://www.bag.admin.ch/bag/de/home/krankheiten/ausbrueche-epidemien-pandemien/aktuelle-ausbrueche-epidemien/novel-cov/empfehlungen-fuer-reisende/liste.html>
